

Post Graduate Certificate Course in Health System and Management - 2013

Module 1

Assignment Set A

**Indian Association of Preventive and Social Medicine
Gujarat Chapter**

Assignment Set A

Last date of submission: 8th of May 2013.

Note: Short and comprehensive write up with greater intellectual input is expected.

1. Develop health goals, targets & Indicators for India regarding at least five common prevailing health problems (other than MDG).
2. Critically review the progress made by India till 2013 in relation to recommendations of Bhore committee in 1946.
3. Primary Health Care: A magic or mirage?
4. Write in very brief evolution of public health in world: (maximum 10 lines or in tabular form)

Some points to keep in mind before writing the Assignment.

1. The assignments are to assess your level of understanding about the topic, and capability of applying analytical skill, logical thinking and creative thinking using public health sense and field situation.
2. Your short writing filled with skills and senses mentioned above will get higher grade than elaborative writing without reflection of understanding.
3. We don't stress hard facts and figures; so don't waste time for searching, but key information (not necessary exact with citation of source) will enhance the level of your assignments.
