

Post Graduate Certificate Course in Health System and Management - 2013

Module 1

Assignment Set B

**Indian Association of Preventive and Social Medicine
Gujarat Chapter**

Assignment Set B

Last date of submission: 8th of May 2013.

Note: Short and comprehensive write up with greater intellectual input is expected.

1. Comment on the current situation for India in respect to health manpower planning & development after the report of the Bajaj committee?
2. Critically review & give comments on “Health for All” approach.
3. According to you what would be next stage in evolution of Public Health in India by 2050?
4. Critically review and give your comments about Health in Twelfth Five year plan.

Some points to keep in mind before writing the Assignment.

1. The assignments are to assess your level of understanding about the topic, and capability of applying analytical skill, logical thinking and creative thinking using public health sense and field situation.
2. Your short writing filled with skills and senses mentioned above will get higher grade than elaborative writing without reflection of understanding.
3. We don't stress hard facts and figures; so don't waste time for searching, but key information (not necessary exact with citation of source) will enhance the level of your assignments.
