

IAPSM

Indian Association of
Preventive & Social Medicine

PLACEMENT BROCHURE

INDIAN ASSOCIATION OF PREVENTIVE AND SOCIAL MEDICINE

GUJARAT CHAPTER

YEAR 2016-17

HISTORY AND FUNCTIONALITY OF IAPSM-GC IN BRIEF

The Indian Association of Preventive and Social Medicine, is a 'not for profit' professional body in the field of Community Medicine/Public health. Community medicine, as it deals with health of the populations and not merely with diseases, covers a vast spectrum of different expanses. An expert in community medicine has competencies in epidemiology, environmental sciences, occupational health, socio-behavioural and communication sciences, clinico-biological sciences and managerial sciences.

The members have served in the areas of teaching/ training, research and public health program management. In the area of teaching and training the members are serving in faculty positions at medical colleges. In the area of public health program management and research the members are serving at national and state governments, international development agencies, NGOs or are working as free-lance public health consultants.

DETAILS OF PSM CURRICULUM-THE CORE COMPETENCIES POSSESSED BY MD (PSM)

MD in Community Medicine or MD in Preventive and Social Medicine as a "Community Health Physician" is an expert of disease prevention and control in our community. He/she is an expert of epidemiology of communicable and non-communicable diseases and knows in depth about the dynamics of disease transmission. He/she can predict, prevent and control disease outbreaks, epidemics and pandemics and has the competencies to treat and prevent the locally endemic diseases as well. He/she possesses the following given set of special competencies and skills which makes him/her a distinctive expert of medical science and health care:

1. Knowledge and skills for disease prevention, control and treatment of locally existing and newer diseases
2. Knowledge and skills for outbreak and epidemic control
3. Knowledge and skills for monitoring and evaluation of national and local health programmes
4. Knowledge for designing and conducting screening camps and organizing interventional health services
5. Knowledge and skills for working as an expert for planning and co-ordinating research projects and studies
6. Knowledge and skills for training and teaching students, doctors and paramedical staff for various aspects of public health
7. Expertise on conceiving, planning, developing and implementing large scale projects funded by international agencies
8. Expertise of Public health administration

MESSAGE FROM THE PRESIDENT AND SECRETARY IAPSM-GC

It gives us a great pleasure to announce the first ever “Placement brochure” from the Gujarat Chapter of the IAPSM. The young and budding experts of community medicine are often bewildered regarding the future prospects and opportunities after pursuing their post-graduation. This brochure will provide them with a tremendous platform to reach out to the world outside the academics, where organizations and agencies are keen to hire young and dynamic public health experts who can be an asset to their institutions and provide them the right path towards future development. After going through the profiles, we can definitely assure the agencies and organizations that not only are the candidates extremely talented with unique competencies needed to flourish but also, they have the quest and the inner burning desire to prove to the world their potential. It is quite satisfying to note that so many of these candidates have diverse areas of expertise in which they have been either trained or they have already worked. We will wish them the best for their future endeavours and also suggest them to keep the quest towards excellence going.

With best wishes for all the successes to come in future!!

Dr. (Prof.) Dileep Mavlankar,
President, IAPSM-GC

Dr. (Prof.) A.M. Kadri,
Secretary, IAPSM-GC

MESSAGE FROM CO-ORDINATOR OF PLACEMENT BROCHURE

As it is very rightly said by one of the all-time greatest boxers and most significant and celebrated sports figures of 20th Century Mr. Muhammad Ali, “A man who has no imagination has no wings” I will affirmatively insist to all my budding MD (PSM) colleagues to have the wings and fly too!! And fly in a way that the world can be conquered!!

As a newly passed out MD (PSM), I had a wish to work in different genres and sub-specialities of public health/community medicine, some of which did get satisfied but some did not! However, what I did learn is that passion and hard work are irreplaceable and those having both can surely be the best! This placement brochure, the first of its kind has been specially designed by the Gujarat Chapter of the IAPSM to ensure and provide a platform to all the recently passed out residents to display their skills and competencies and encourage recruiters to hire them for best available positions in the vast field of public health.

This brochure will strengthen them towards furnishing themselves when on the verge of being introduced to the competitive world of Public health outside. Through this platform, I will encourage all the public health aspirants to have the “wings of freedom” to try the different and the “courage to fly” to the greatest heights!! With best wishes to all!!

Dr. Shashwat Nagar
Co-ordinator, Placement brochure, IAPSM-GC

**PROFILES OF THE CANDIDATES
PASSED-OUT IN 2016:**

INDEX

S.No.	Name	Areas of Specialization
1. Government Medical College, Bhavnagar		
1.1.1.	Dr. MOHNISH N TUNDIA	Research methodology, social medicine
1.2.2.	Dr. JAYESHKUMAR L VAKANI	Health Management and administration
1.3.3.	Dr. DISHA MEHTA	Epidemiology, Health Management and administration
2. Smt. B.K. Shah Medical Institute & Research Centre, Vadodara		
2.4.1.	Dr. SAURIN V PATEL	Industrial health
2.5.2.	Dr. HIRENKUMAR B PATEL	Industrial health, Health Management and administration
3. Government Medical College, Vadodara		
3.6.1.	Dr. VARUN PARMAR	Health Management and administration
3.7.2.	Dr. NIMESHKUMAR B DESAI	Health Management and administration
3.8.3.	Dr. BHAVESH BARIYA	Industrial health
3.9.4.	Dr. SURAJ I KURIYA	Health Management and administration
3.10.5.	Dr. SAMARTH SHIHORA	Health Management and administration
4. Pramukhswami Medical College, Karamsad		
4.11.1.	Dr. KANUPRIYA	Research, Epidemiology, Health Management
4.12.2.	Dr. VIDUSHI GUPTA	Epidemiology, Outbreak investigation & control
5. B.J. Medical College, Ahmedabad		
5.13.1.	Dr. JAY RAJESHKUMAR PATWA	Epidemiology, Industrial health, Health Management
5.14.2.	Dr. SAURABH C RATHOD	Health Management and administration
5.15.3.	Dr. KHUSHBU D MAKADIA	Reproductive and Child Health
5.16.4.	Dr. NILESH G PATEL	Health Management and administration
5.17.5.	Dr. YASH RAJESHKUMAR SHAH	Epidemiology, Health Management and administration
5.18.6.	Dr. SHASHANKKUMAR B PATEL	Health Management and administration
5.19.7.	Dr. PARIMAL R PATEL	Reproductive and Child Health
6. Government Medical College, Surat		
6.20.1.	Dr. PIYUSHKUMAR C PARMAR	Industrial health
6.21.2.	Dr. ALPESHKUMAR GOHIL	Health Management and administration
6.22.3.	Dr. DHAVAL N PATEL	Epidemiology, Health Management and administration
6.23.4.	Dr. DIVYA B BAROT	Epidemiology, Health Management and administration
6.24.5.	Dr. RUTU SANJAYBHAI BUCH	Health Management and administration
6.25.6.	Dr. ANKUR MALI	Health Management and administration
6.26.7.	Dr. DIPALI RAMESHBHAI MISTRY	Health Management and administration
7. SMIMER, Surat
